from the change order will be used for additional items needed for the simulcast project

#### **BACKGROUND:**

On June 13, 2017, your Board approved an agreement with Motorola Solutions, Inc. for a Simulcast system to upgrade and replace the radio and dispatch system currently used by the Kings County Sheriff's Office and the Fire Department. Since then, County staff and Motorola have determined that changes to the original design were necessary to optimize the efficiency of the Simulcast system. Those changes have been documented in Change Order No. 1 and resulted in an \$83,034 credit to the County. The credit amount will be used for necessary improvements to the County's facility on Flat Top Mountain, which will be the prime site for the Simulcast system. Additionally, the savings are also being used to provide modification to the in-building distributed antenna system in the Kings County Jail.
