**Argument in Favor of Measure L
Lemoore Union High School District**

KINGS COUNTY ELECTIONS

The importance of having quality schools is a value that is widely known and recognized. From higher achieving students, greater neighborhood safety, and improvement property values, quality schools make a difference. While our staff does an excellent job in educating our students, many classrooms and school facilities at the Lemoore Union High School District are outdated and inadequate to provide children with the facilities they need to succeed. This is why our children need your YES vote on Measure L!

Although our local schools have received some updates in recent years, aging classrooms and facilities must be upgraded since many still do not meet 21st century standards. Measure L would allow the District to improve our schools and the quality of education provided to local students without increasing the current tax rate.

Measure L will improve facilities at Lemoore High Schools by:

- Making safety and security improvements of fire alarms and new surveillance cameras
- Constructing additional classrooms to reduce student overcrowding
- Improving student access to computers and modern technology.
- Replacing outdated heated, ventilation, and air-conditioning systems
- Modernizing/constructing facilities for the Ag program, including the Ag farm, Ag classrooms, and Ag shop spaces
- Modernizing outdated classrooms, restrooms, and school facilities

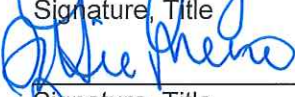

Measure L makes financial sense and taxpayers are protected.

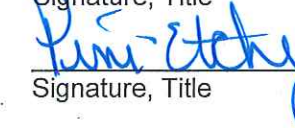

- Measure L improves school facilities and can be accomplished without raising the current tax rate.
- All funds must be spent locally and cannot be taken by the state or used for teacher or administrator salaries.
- By law, spending must be reviewed and annually audited by an independent citizens' oversight committee.

Measure L will modernize our schools to give our students the necessary facilities to help them exceed in the 21st century. Please join us and **VOTE YES ON MEASURE L!**
