

PRESS RELEASE

PERMITIUM ANNOUNCES THE RELEASE OF VITALDIRECTOR FOR KINGS COUNTY, CA.

Permitium is a leading provider of cloud-based software for Vital Record offices around the country focused on Extending Government Services to Communities. Today, May 26th, 2021, Permitium is announcing the Kings County Recorder's Office is now utilizing VitalDirector. VitalDirector offers the citizens of Kings County the ability to manage the processing, payment, and issuance of birth, death, and marriage certificates online. Kings County's Clerk-Recorder, Kristine Lee, implemented the self-service convenient option to their citizens this month. "We have partnered with Permitium to give Kings County a fast, easy, and affordable way for our citizens to request certified copies of birth, death, and marriage certificates online," says Kristine. "The ordering process with VitalDirector ensures statute compliance, accelerates turnaround time, increases security, automates, tracks, organizes, and streamlines Vital Record Ordering for applicants in Kings County.

Permitium's Managing Partner, Matt Solomon, states "I am excited to announce the partnership with The Kings County Recorder's Office. I admire the pivot that Kristine made by recognizing the recent demand for their citizens to have the ability to order vital records online. The solution allows citizens to initiate the request for vital records through a common interface for walk-in and online application submissions. VitalDirector aligns with her priority of keeping her staff and citizens safe while providing the best service possible."

Permitium has been partnering with innovative Vital Record agencies since 2009 while currently serving over 42 million citizens across the United States. Today, we celebrate the forward thinking of Kristine and her team, who prioritized the convenience and access to government resources for the citizens of Kings County by implementing VitalDirector. We look forward to a continued and beneficial partnership for years to come.
