Pursuant to County Personnel Rules, it was indicated that she would receive a temporary salary upgrade to reflect the appropriate compensation per the added responsibilities, which was set at \$13,000 per month, the low end of the salary band for the County Counsel position. Subsequently, it was determined that pursuant to Section 27641 of the Government Code, the County is required to have someone actually in the position of County Counsel as opposed to an “Assistant in charge” therefore, the Board unanimously approved Carrie Woolley as being named “Interim” County Counsel in closed session on July 20, 2021. Hi Diane, The following is the comment I wish to present at 10:00 public comment.

Mary

Good morning, Board of Supervisors.

My name is Mary Gonzales-Gomez, I am a resident of Corcoran and I speak today about redistricting in Kings County.

Real concerns have surfaced in our communities in that redistricting may affect changes with our current representative Kings County Board Supervisor, Richard Valle.

His commitment, his hard work and his tenacity has brought about tremendous positive changes within his district that have impacted our communities. Supervisor Valle is well connected to the communities of Avenal, the community of Kettleman City, the Home Garden community, and the community of Corcoran.

These rural communities which he currently represents have come to trust and depend on his regular media messages, his transparency his visibility throughout his district, and his availability to his constituents.

To redistrict and relocate this and other Kings County Board Supervisors may create not only a huge disruption but destroy the connection between a County Supervisor that has a real connection to his district.

In watching the presentation, CA Law states the districts must be simple and even. No special fingers or lines that are geo political or race based.

The Dolores Huerta foundation is a racially motivated, and manipulative organization that must be handled. My recommendation is to make districts as evenly geographically possible regardless of social and racial boundaries. The Kern County lawsuit caused Huerta to gerrymander the district to make a lopsided district preventing many of its constituents to have a voice. The district was a direct violation of the law after it was made, violating the simple clause and the geo-political clause. Do not let special interest groups make racial divided districts which is bad of everyone in the county.

Is it possible the county needs a County Council ruling on the requirement given Public Hearing speakers to give their name and address. This is also an unwritten rule for the Planning Commission. The request to not state their name and address by two speakers today who both said they would provide that information to the clerk following the meeting.

The Honorable Board of Supervisors  
County of Kings

*Re: July 27, 2021 Redistricting Public Hearing*

Dear Kings County Board of Supervisors:

I am writing on behalf of Valley Voices, a local 501(c)(3) nonpartisan, nonprofit organization established to increase civic engagement and voter education throughout Kings County.

In this endeavor, we are committed to ensuring that districts have population balance and are redrawn to accurately reflect the interests of all residents of our community and are created in such a manner so as to comply with the Section II of the Federal Voting Rights Act and the Fair Maps Act.

Valley Voices would like to thank you for commencing the Public Hearing portion of the Kings County Redistricting process last Tuesday, July 20, 2021 in the BOS chambers and online via the WebEx portal.

We are concerned, however, with several inconsistencies that have occurred in relation to this public hearing, thus raising concerns and confidence as to the integrity as we move forward. The items addressed at the hearing related to website and email inaccuracies as pointed out by Supervisor Valle are shocking, given the "team of 23 communications experts—robust enough to offer experienced and effective professionals for the job, yet small enough to be nimble and responsive" as stated in the Tripepi Smith proposal presented to the BOS prior to giving them a \$40,000 contract.

In addition to the missteps mentioned above, there were several issues that shamefully hindered public access to last Tuesday's public hearing. Specifically:

- The general public was compelled to give their name and contact information prior to the doors of the BOS Chamber being unlocked for entry. Public meetings should be open to the public.
- Online Spanish interpretation was offered as a "whispered" translation and often not understandable due to the main English audio also being captured.
