OLD BUSINESS

None

NEW BUSINESS

A. Consider the possibility of a Programmatic EIR to facilitate Groundwater Sustainability Plan projects in Kings County (Greg Gatzka)

Mr. Gatzka stated this was being brought to the Commission because there may some interest in the County facilitating a programmatic EIR and would like to know what the Commission would like staff to explore. He stated a lot of the projects are exempt from the counties zoning and regulations. He asked the Commission what type of projects they would like staff to explore and see if the county could do a programmatic EIR.

A motion was made and seconded (Tristao/Tos) recommending staff work with legal counsel and put together a memo on this topic and put it out to the GSAs for their input. Mr. Gatzka's presentation regarding why the projects are categorically exempt should be included in the memo. Motion carried unanimously with Prys and Potter absent.

B. Draft Kings County Water Policy (Julianne Philips)

Julianne Philips presented the draft Kings County Water Policy and for feedback from the Kings County Agricultural Advisory Committee. She stated there would be a meeting on March 16 at 5:30 PM in the Kings County Multipurpose room with stakeholders where she would be addressing comments that had been received.

There was discussion regarding the language in the document and the Commissioners wanted more input from the GSAs. Chairman Tristao stated he would like to see responses to the two comment letters that were received by the Ag Advisory Committee for this meeting. Chairman Tristao also expressed concern that this policy may conflict with some of the goals of the Kings County General Plan and suggested that the General Plan be reopened based on Sustainable Groundwater Management Act (SGMA). There were concerns that the draft Kings County Water Policy isn't consistent with the Kings County General Plan. Mr. Gatzka explained what was required to update the General Plan and stated it may be time to update the General Plan since it hasn't been updated to incorporate SGMA requirements.

A motion was made and seconded (Tos/Draxler) to suggest that the following language changes to the draft water policy be considered.

1. "nearly impossible" be changed to "highly improbable" in the third paragraph on page 1
2. "Kings County Water Advisory Committee" be changed to "Kings County Water Commission and Kings County Agricultural Advisory Committee" in the fifth paragraph on page 1
3. "as well as water "banking" add language to say "as well as water "banking" and/or sinking basins" in the last paragraph on the last page
4. "permanent sales of water sourced from within the County outside of the County" changed to "permanent sale of water sourced from within it's watersheds.

Motion carried unanimously with Potter and Prys absent.

Chairman Tristao asked if anyone in the audience had any comments. Mr. Dennis Mills asked for clarification of conjunctive use for surface and groundwater. Ms. Phillips addressed conjunctive use. There was concern from the audience that there was not enough input from the GSAs. Mr. Ference asked what the timeframe was for staff to address the comments in the letters received. Ms. Phillips stated they would be incorporated in the language for the meeting with the stakeholders on March 16. Mr. Tos suggested that responses to the letters be made available at least a week prior to the March 16 meeting. Ms. Burdick stated they will address all the comments in one document prior to the meeting and will try to have it out a week prior to the meeting. Chairman Tristao stated it needs to be consistent with the GSA. Chairman Tristao suggested holding a joint meeting with the Water Commission.

A motion was made and seconded (Tos/Ference) to hold a joint meeting with the Water Commission in April after staff meets with the GSAs. Motion carried unanimously with Potter and Prys absent.

LEGISLATION

Kings County 2020 Legislative Platform update (Greg Gatzka)

Mr. Gatzka reported that the Board of Supervisors took action on legislation and legislative positions and received comments from Mr. Mendes that has been taken into consideration. The document was revised based on those comments. Mr. Kinney provided an overview of the changes that were made.

Correspondence: None

Member Comments: Mr. Tos stated he appreciated the communication tonight.

Staff/Agency Comments: None

Adjournment

With no further business before the Committee, the meeting was adjourned at 5:40 p.m. The next regularly scheduled meeting will be April 9 at 4:00 p.m. This may be a special meeting with the Water Commission.

Respectfully Submitted,

Greg Gatzka, Secretary
