RE: New Public Works Contractor Registration Law SB 854

All Contractors and Subcontractors are subject to registration.

County of Kings Purchasing Division has learned of reports that some Contractors and their Subcontractors are not aware of the new registration program by the Department of Industrial Relations, SB 854, see [www.dir.ca.gov/DLSE/dlsepublicworks.html](http://www.dir.ca.gov/DLSE/dlsepublicworks.html) and [www.dir.ca.gov/default.html](http://www.dir.ca.gov/default.html) for more information.

We strongly recommend both your construction company, and your frequently used subs, to register. County of kings will only permit those who have registered to bid on all future Construction and Public Works projects.

Sincerely,

---

Dan Willhite
